

Ready For Change

Ben Rector

The things that I lost
Come back here the same.
I thought that I past them,
But they found me again.

So I woke up today,
And I'm still sitting here.
It's just like the last one,
Then the others before them.
Yeah I promised I'd change about this time last year,
We both know how that went.
I guess you're not so important.

I'm ready for change,
I'm ready for change,
I'm ready for change,
I'm ready for...
I'm ready for change,
I'm ready for change.

And so what does it take to start over again?
Step out of comfort, my friends?
Yes, and change for the better.
And so why do I wait and sit here 'til the end,
Wait 'til it's over and then,
Wish that I had done better?

I'm ready for change,
I'm ready for change,
I'm ready for change,
I'm ready for...
I'm ready for oh...

I'm ready for change,
I'm ready for change,
I'm ready for change,
I'm ready for...
I'm ready for change,
I'm ready for change.
I'm ready for change.
I'm ready for...
I'm ready for change,
I'm ready for change,
I'm ready for change,
I'm ready for...
I'm ready for change,
I'm ready for change,
I'm ready for change,
I'm ready for...
