

Sometimes

Ben Rector

Some stupid pictures, some vacation, someone I don't know
And ten expert opinions on some stranger's post
And then a note, much to my surprise
From a face I haven't seen in a long, long time

To say you're fine over a couple pages
Between the lines, you were really saying

Sometimes, I just wonder what
It would've been like, if you were with me
Don't worry your mind, I'm not crying at night
I just think of you sometimes
Sometimes, yeah

He's walking his dog out on Venice beach
Said he came to Los Angeles to chase some dream
"In '95" he said "I left my girls behind"
And the time of second chances, it's been gone for a long time

I called a phone, I rambled on again
But after the tone, what I really meant was

Sometimes, I just wonder what
It would've been like, if you were with me
Don't worry your mind, I'm not crying at night
I just think of you sometimes, oh-oo

We say goodbye as if we're going places
And you can try but you can't keep your heart

From saying sometimes, I just wonder what
It would've been like, if you were with me
Don't worry your mind, I'm not crying at night
I just think of you, I still think of you
I just think of you sometimes
