

# Thank God I Miss You

**Ben Rector**

Well sometimes I feel these words are cheap and by the way they  
're said, we do not mean them.  
From a million miles away, words are all I know to say.  
So I am speaking to you right now.

So know I wrote this song with all the words meaning what they  
mean.

Saying what they say.  
Though it's nothing you haven't heard before,  
But I mean it more today.  
Believe me when I say I thank God I miss you.  
I thank God I miss you.

From a hotel room and misunderstandings,  
My heart stands still and demands this candor.  
My hands shake, I remain unshaken,  
For the part that's grounded is oh, so taken.  
And that's the way that it should be.

So know I wrote this song with all the words, meaning what they  
mean.

Saying what they say.  
Though it's nothing you haven't heard before,  
But I mean it more today.  
Believe me when I say I thank God I miss you.  
I thank God I miss you.
