

# The Beat

Ben Rector

Stand there lady  
Won't you just stand still  
She's had a white mercedes  
And I know she will

And then the beat comes  
And then she's moving on the dance floor  
And I wonder what she's running from  
If it'll catch her

Her heart is broken  
But she won't say that  
Her heart is broken  
But she can't go back  
But she can't go back

And the nights move forward  
Don't they just move on  
She's on a mission, baby  
And she's almost one

And then the beat comes  
And then she's moving on the dance floor  
And I wonder what she's running from  
If it'll catch her

Her heart is broken  
But she won't say that  
Her heart is broken  
But she can't go back  
But she can't go back

But she can't go back

Your heart is a lonely one  
Your heart is a lonely one  
Your heart is a lonely one

Your heart is broken  
But you won't say that  
Your heart is broken  
But you can't go back  
No, you can't go back
