

# Wreck

Ben Rector

You wrecked my world in a beautiful way  
And I kinda thought that I'd always stay the same  
But I heard that healthy things grow  
And growing things change, yeah  
Yeah, you wrecked my world in the most beautiful way  
Uh-huh, yeah, yeah

Yeah, dreams, I had a lot of dreams  
And if I'm honest, they used to be different things  
Until you  
You were here with me  
Now I close my eyes and I see things differently  
Yeah

'Cause you wrecked my world in a beautiful way  
And I kinda thought that I'd always stay the same  
But I heard that healthy things grow  
And growing things change, yeah  
Yeah, you wrecked my world in the most beautiful way  
Ah, ah-ah, uh-huh, yeah, yeah  
Beautiful way  
Mmm, mmm-mmm, uh-huh, yeah, yeah

I could live a million lives and  
I could try a million tries and  
I would never ever find someone just like you

'Cause you wrecked my world in a beautiful way  
And I kinda thought that I'd always stay the same  
But I heard that healthy things grow  
And growing things change, yeah  
Yeah, you wrecked my world in the most  
Yeah, you messed up my world in the most beautiful way  
Mmm, mmm, uh-huh, yeah, yeah  
Beautiful way
