Laughing to the bank 'til a nigga stomach hurt
Can't whip it if the shit don't convert
Spend limit don't revert on the first
Bad bitch and I'm finna do her worse
Deep in her like I'm digging in a purse
Percy Miller, nephew know his Uncle P since birth
Burn a bridge, I'm the type to go and swim against the current
Showing up to show out, lemme pull back the curtain
Like a newborn, crib color-coded
Lock in, I can see you losing focus
She got a raise outta me, somehow I got promoted
Shawty said "New year, new me" and I ain't notice

Aye! Aye!

Laughing to the bank 'til a bitch stomach aching
No stomach but she busting out the pasties
A wise man said "pussy can control a nation"
I believed it when I seen the type of women he was dating
Understand this shit is life and death for me, baby
Left the workforce so I could work for a nomination
Let the .30 rock — Tina Fey what they saying?
Nigga stay away from 12 if you tryna make a statement

Truthfully
Sticking to whatever feel true to me
Boost the fee
Good with one million? Nah, two or three
Check please
Tell the valet he could move the V
Kiki
Straight to the bank long as you with me

Had the boy ducking poles (polls) like he can't vote
