

## Cut

Ben Reilly

Your love cut me so deep  
I cannot stop the bleeding  
Mmmmm, I won't forget  
Mmm, I can't forgive  
I carry this shit into all of my relationships  
The lies cut me so deep  
I cannot stop bleeding  
Mmmmm, I won't forget  
Mmm, I can't forgive  
I'll blame the next for all the shit in this relationship

I know you know I don't like you  
You stuck to me like a tattoo  
Branded your name on my frontal  
Didn't have to do me like that  
Didn't have to give me all away

Couldn't say goodbye  
If I tried  
Mortified, till the day I die  
You reside in my mind  
Deep inside, yeah, I'm petrified

Your love cut me so deep  
I cannot stop the bleeding  
Mmmmm, I won't forget  
Mmm, I can't forgive  
I carry this shit into all of my relationships  
The lies cut me so deep  
I cannot stop bleeding  
Mmmmm, I won't forget  
Mmm, I can't forgive  
I'll blame the next for all the shit in this relationship

Mmmmmmm  
Fix your lips and tell me what you say  
Mmmmmmm  
I tried to fix your old nigga mistake  
Mmmmmmm  
You let your past traumas get up in our way  
What a waste  
Mmmmmmm  
You finger-licking fine  
My taste in women, fine  
Your horoscope aligned and said we can't rewind  
Mortified but couldn't resist  
Looking like Druski, how we could've been  
Remember that time in the back of the whip  
You could do anything but forget this—  
Aye!

Your love cut me so deep  
I cannot stop the bleeding  
Mmmmm, I won't forget  
Mmm, I can't forgive  
I carry this shit into all of my relationships  
The lies cut me so deep

I cannot stop bleeding  
Mmmm, I won't forget  
Mmmm, I can't forgive  
I'll blame the next for all the shit in this relationship
