

# Don't Lose The Plot!

Ben Reilly

I've got you in my line of sight  
Tonight I might just take a chance when I roll that dice  
I say the right thing, ya' friend like I know that's right  
I'll never lead with a bag to let you know that  
But I'll put some g's to match the G's on ya bag Baby hold that  
Sometimes this life is too fast for a slow dance  
In need of a change  
Pictures in my brain that I'm eager to frame  
Baby pose for this Kodak

Baby  
Stories that you've heard about me I'll explain  
Maybe I should tell the truth I'm not ashamed  
Don't lose the plot  
I'ma get you right if nothing else  
Every single time, nah for real  
I wanna see something real

Sit back  
Slide in it  
Get dressed I'll be there in 5  
Where we going?  
I let you decide (aye!)  
Where we going?  
I let you decide (aye!)  
Sit back  
Slide in it  
Get dressed I'll be there in 5 (five minutes)  
Where we going?  
I let you decide (aye!)  
Where we going? (Let's go, come here)  
I let you decide (aye!)

I got you in my line of sight  
Tonight I might just save a life  
I might just get right  
I'm tryna get the means I mean it's nothing nice  
Can't be acting uppity if you ain't upping ya price  
Intrigued by the things I do?  
Come here  
Whatever I say you do  
Come here  
Say he ain't spend enough on you?  
Come here  
Ain't put enough trust in you?  
Come here  
I'm there  
Everywhere that you probably shouldn't go (Go)  
Wanna say a few thing that you probably shouldnt know (Know)  
If I told you what I've seen, you'd probably go and write a score  
Let her step on the scene it is not a foot note (No)  
If you see her with it on  
She got it off of me  
You ever see her alone she ain't far from me  
It might even seem wrong  
Just walk with me  
Heroman wanna say something

Talk to me  
Yeah

Baby  
Stories that you've heard about me I'll explain (uh huh)  
Maybe I should tell the truth, I'm not ashamed  
Don't lose the plot  
I'ma get you right if nothing else (save)  
Every single time, nah for real (one more time)  
I wanna see something real

Sit back  
Slide in it  
Get dressed I'll be there in 5 (uh huh)  
Where we going?  
I let you decide (aye!)Where we going?  
I let you decide (aye! Yeah))  
Sit back  
Slide in it  
Get dressed I'll be there in 5 (uh huh)  
Where we going?

Girl get dressed I'm right around the corner here we go  
So what's next is everything you wanna just let me know  
I'm about to do something you've never seen before  
Long as you stay by my side we'll never lose control

Baby stories that you've heard about me I'll explain  
Maybe I should tell the truth I'm not ashamed  
Don't lose the plot  
Why they wanna watch what I do?  
Don't lose the plot  
Why they wanna watch what I do?
