Can I do that for y'all?

Side show  
Front row  
Let it go  
What you scared for?  
Baby won't you come over & free yourself?  
Baby won't you come over, free yourself?  
I need you in front of me, I need some help  
Baby won't you come over? (Free yourself)

See kids, Yani was the divine embodiment of a woman  
I knew I had to say something right then and there  
I approached her, asked her name  
She said Yo-Ni  
I said Yani?  
She said Yo-Ni  
I said well Yani  
My name is- well I'm sure you know my name  
But I would like to get to know you beyond the meaning of your name  
And She replied with the backside of her frame

Shoulder so cold it could sink Titanic  
Nothing in life a young Nigga can't manage  
Adam & eve don't got nun to do with me  
Adam & eve ain't got nun to do with we  
I conceive thoughts of righteous things  
I believe love could heal all things  
Yonis touch could fulfill all need  
Yonis touch, could make a slave feel free
