

# Apologise

Ben's Brother

Love me, hate me,  
Just don't walk away from me  
Give me anything, anything lying between  
What am I, If I don't try to find out  
What is going on behind those eyes  
So tell me to my face

Chorus  
So please  
Apologise cause I need you  
Need you to get it right  
It will all break down if you dont  
Please, the silence is killing me  
I wanna hear you say you're sorry

You're pushing me, pulling me  
To somewhere I don't want to be  
Screaming, shouting  
I'm sick of the sound of me  
You're the only one  
Who could put me out of my misery  
So tell me to my face

Chorus  
So please  
Apologise cause I need you  
Need you to get it right  
It will all break down if you dont  
please, the silence is killing me  
I wanna hear you say you're sorry

I'm not so foolish to think  
this has nothing to do with me  
I'm not so crazy to believe  
there's one side to this story  
But you've got to give me something  
I'm getting nothing  
So just say you're sorry

Chorus  
So please  
Apologise cause I need you  
eed you to get it right  
It will all break down if you don't  
Please, the silence is killing me  
I wanna hear you say you're sorry

You're sorry, say you're sorry, you're sorry  
Sorry .....

I wanna hear you say you're sorry
