

Indecision

Ben Weasel

I'm sick of sitting here trying to understand,
Well all these things just do not make any sense.
I want answers,
I'm confused as all,
I want to just settle down.

Trying to get a little gratitude within my heart,
To sick of things of which I'll never be apart,
On the outside,
Turn to the outside,
Just (something)

Tense up, indecision,
Wound up, indecision,
Stuck in, indecision.
(2x)

Start to hear that I hope I'll be moving along,
Turning thoughts in my head that make me feel so wrong.
Nothing makes sense to me,
But makes all the sense in the world and in my mind.

Tense up, indecision,
Wound up, indecision,
Stuck in, indecision.
(2x)

I need a break,
Take it slow,
Enjoy the day,
Take it slow.
