

Responsibility

Ben Weasel

Social responsibility
Is not worth the problems on me.
Is it a good deed?
Does it get the same?

But if I want the world to be,
A little bit better than I see.
Then be it for waiting,
It won't change a thing.

And we all want to make some kind of difference,
But we don't know what we ought to do,
What should we do?

But to think that I possess.
All of the answers to this mess
Worse than poverty and greed,
Well I can justify just about anything
They all just start looking, looking all the same

And I know I can be all the things that I hate on
Or I can choose to be the things I love,
Like a child love.

I can try to see myself in some other place,
I know I'm lucky when I see a man on the street.
I can see a father, I can see a human soul
Yeah man that's so mean, my peers are just like me.
We all work,
We all ache,
For something better,
But we all want love or leave.
Sacrifice for that but never for the place that I go on
And I believe gods walk the earth,
Imperfect and confused,
These are my gods.
All men and women,
Brothers and sisters,
Walk the earth as gods.
