

## Take Action

Ben Weasel

I didn't know where to turn,  
So lost and confused,  
Didn't know what I should do.  
Alienation and rage,  
Finding myself so strange.  
Is this feeling not human too?

I wanted,  
I wanted,  
I wanted something true.  
(4x)

How easily I forgot,  
What I always knew.  
What contemptment and feast of lies.  
I never lost myself, no,  
I just couldn't see answers in the air,  
And today I am happy again.

I wanted,  
I wanted,  
I wanted something true.  
(7x)

I wanted,  
I wanted,  
I wanted something true,  
To someone, to something too.  
I wanted anyone for something true  
I wanted something true.
