Beneath the Massacre

Late night abduction
Succumbing to the whispers
In an unknown language
Yet you understand
And walk the path his hand indicates
Destination unknown
Should you know, you'd be more scared
To follow is unsafe
To resist is futile
There will be

No justice, no peace
No freedom without equity

It lives deep down inside
And feeds off your hopes, passions
And yearns for freedom
It's waging a war at this normalizing power

It lives deep down inside
And feeds off your
Not to listen, it would be treacherous
Not to listen, it would be treacherous

Now that you hear it
Let it heal you
Now that you listen
Let it consume you
