## Griefgiver

Benediction

Writhing in pain Your third eye blinks, untamed We were one to live Now there's but grief you give Griefgiver Dread the hurt Crush me in the dirt Panic, extol Angers my mind and soul Evolve, inherent living hate We divide as you subjugate Disreguard, pre-empt the deed To avenge I<sup>1</sup>ll not concede Griefgiver Evolve, inherent living hate We divide as you subjugate You proclaim grief to me My existance, your disease Evolve, inherent living hate To amend is far too late Enraged inside your grip Now alone, your power trip Griefgiver
