

# Neverwhen

## Benediction

Vast tracts of isolation  
Weaponizing time  
Laid to waste and conquered  
Neverwhen live and/or die  
States of flux  
Lambasted to the core  
Finality's insight  
A Neverwhen of war

Paradox is tearing  
Time and again  
Engines of war that drive  
The Neverwhen

Darkest hour before the dawn  
Arachnid degradations  
A Neverwhen of weaponry  
Quantum-esque creations  
Outside reality  
Locked out time technology  
Phasing throughout existence  
In evolution's reticence

Paradox is tearing  
Time and again  
Engines of war that drive  
The Neverwhen

The Neverwhen

Within the heart of carnage  
Knows Neverwhen to feed  
Mass potential, resurrection  
To rise again and bleed  
Controlling reality  
Neverwhen's mentality  
Existing in the now and then  
Forevermore the Neverwhen

Paradox is tearing  
Time and again  
Engines of war that drive  
The Neverwhen

The Neverwhen
