Scriptures in Scarlet

One incantation summons
From Kandarian scrolls
Out of isolation's plane
Begin devouring whole

Scarlet script recite
Invoking acolytes
Possession will reprise
Deadite colonise

Iron blood scent
Recalls lament
Feral bloodbath
Reduced to ash
Reanimate deceased
The dead to be unleashed

Incorporeal portal
Obsidian plane bespeak
Diabolis antiquity
Malignant threshold breached

Scarlet script recite
Invoking acolytes
Possession will reprise
Deadite colonise

Revive and enslave
Beyond the grave
This mortal coil
Now under soil
Iniquitous goal
To swallow your soul

Swallow this!

Scriptures in Scarlet
Deception opaque
Withhold the invocation
Or attend to that which wakes

Undead mechanisms
Push the aesthetic
Hail to the King, baby
With Chainsaw and Boomstick

Scarlet script recite
Invoke upon this night
Possession will reprise
Deadite colonise

Feral bloodbath
Reduced to ash
Opening maw
Heralds the war
Reanimate deceased
The Evil Dead unleashed

Unleashed!
