Benedixhion

Like my love is yours to use
Make me go insane
I be fucked up in my brain
Oh my god
Oh my god
Can't be saved
What the fuck
Oh my god
Oh my god
Can't be saved
Outta luck
Fuck
Oh my god
Oh my god
Can't be
Outta luck
Fuck
Yuh yuh

What's she drinking
Shit, she's fienin
Don't worry bout it baby
Pass me up another cup
Cuz I'm not lit enough
Party like it's 2008
Glitter all over the place

I'm a night owl
Sleeping
Fuck
Oh my god
I'm a night owl
Sleeping in the day
Up all night with shawty getting geeked
I'm feeling wavy
I don't think that I'ma ever stop
No one can save me
No one can save me
I'm stuck in my ways
Life is jus a game
And I'm here to fuckin play
Play ay
Life is just a game
And I'm here to play
Ay

I don't wanna talk right now
Staring at the ceiling
Too much acid got me freaked out

What's she drinking
Shit, she's fienin
Don't worry bout it baby
Pass me up another cup
Cuz I'm not lit enough
Party like it's 2008
Glitter all over the place

What's she drinking
Shit, she's fienin
Don't worry bout it baby
Pass me up another cup
Cuz I'm not lit enough
Party like it's 2008
Glitter all over the place
