Benedixhion

Oh  
I'm so done bae  
Yuh

I'm so done babe  
You was lying to me  
You're so two faced  
Always play tha victim  
This whole loves fake  
Got me crying by myself  
You were never there when I really needed help  
No ever gave a fuck  
Fuck all these feelings  
Ima put it in my blunt  
All these pillies gunna kill me  
But it still hurts less love  
Mixing xannies n tha percies  
Til i'm feelin hella crossed  
You were playing with my heart  
Then you broke it  
Now i'm lying on the ground  
Overdosing  
I'm moving cautious  
I can't trust a soul  
I know that everybody's toxic

All fog  
I'm so lost  
Don't know where my mind has gone  
Everyone who said they cared was fucking lying  
Everyday i'm getting wasted I think i'm dying  
I can't take  
So I grab a bottle and I face it

Oh well  
Ima see you motherfuckers down in hell

I'm so done babe  
You was lying to me  
You're so two faced  
Always play tha victim  
This whole loves fake  
Got me crying by myself  
You were never there when I really needed help  
No ever gave a fuck  
Fuck all these feelings  
Ima put it in my blunt  
All these pillies gunna kill me  
But it still hurts less love  
Mixing xannies n tha percies  
Til i'm feelin hella crossed  
You were playing with my heart  
Then you broke it  
Now i'm lying on the ground  
Overdosing  
I'm moving cautious  
I can't trust a soul

I know that everybody's toxic

I knew u were always two-faced  
And I don't trust it  
Quit whining, you complain  
It's not attractive  
I'm getting tired of how u talk  
Cus ur invasive  
And u always had to run your mouth  
Ur so complacent  
Now I'm solo  
Get away from me  
I'm on my own  
Independency  
Oh every pains slow  
I just try to breathe  
Build up stamina  
Cause my lungs weak

I'm so done babe
