

Oh ah  
Uh

Tear my heart out my chest  
Maybe that's for the best  
'Cause I'm distant lately  
I don't think nobody cares  
It's crazy  
'Cause nobody's ever there  
They hate me  
Oh  
Yal so fuckin toxic  
I don't know why I'm even here  
I'll just keep on popping pills until I disappear  
Like magic  
Life is just a joke when you ain't nothing but an  
Nothing but an addict  
Nothing but an  
Nothing but an addict  
I been trippin off these pills  
I love the feel of it  
Ever since you left me  
All I'm feeling is this emptiness  
I think she resent me  
She ain't respond to my messages  
But it's all good  
I'm jus lookin for another fix  
Smoking that kush  
Poppin these xans  
Anything to stop  
All these panic attacks  
Been feelin so lost  
But I'm still in my bag  
I don't got no cough  
But the syrup's still pouring  
Anything at all jus to make life less boring  
Ay  
Ay  
Ay  
Uh

Tear my heart out my chest  
Maybe that's for the best  
'Cause I'm distant lately  
I don't think nobody cares  
It's crazy  
'Cause nobody's ever there  
They hate me  
Oh

I'll just keep on popping pills until I disappear  
Like magic
