Alone
I hate my life
So alone
Don't know what I know
Don't know what I know

I feel so alone
I hate my life
Shawty I'm so dead inside
Don't call my phone
I won't reply
I'm too busy getting high
As fuck
Off sum xannies caught a case
But bitch that's life
So what?
I be on them everyday but I'll be fine

Baby I still miss your face
Leaving you was a mistake
Oh
Maybe it was fate though
Can't fuck with that fake hoe
No way
It's too late
Life feels fake
Can't get away
Uh
Stuck in my own brain
Uh
Uh

I don't know what I should do
But girl you know I'd fight for you
Yeah you know I'd die for you
Die for you
I'd fight for you

I feel so alone
I hate my life
Shawty I'm so dead inside
Don't call my phone
I won't reply
I'm too busy getting high
As fuck
Off sum xannies caught a case
But bitch that's life
So what?
I be on them everyday but I'll be fine
