

Benjis on my mind I ain't stopping
Till I'm getting to the bag
I be chasing the profit
Shawty looking so bad
Took my heart n she copped it
They keep hating on my swag
Till the moment I'm popping
Go ahead and keep talking
I said
I just popped 3 xans now I'm dead
I just wanna put 3 rounds in my head
I feel stuck
Shawty doesn't love me it's only lust

Uhuh
Bitch you know I run it up
Give no fucks
I just want the cash
Hundred on the dash
I been living fast as fuck
I like that
I been off the xans and blunts
Ain't no cap
I don't understand
Wasn't in the plan
Now I can't sober up
Hate my past
Got too many problems baby
I don't think that I'm worth saving
I feel like the whole world hates me
I can barely function lately
I need more drugs
I could never get enough
Put that syrup in my cup
Uh
I feel so lonely
'Cause nobody even knows me
No wonder I'm always floating

Benjis on my mind I ain't stopping
Till I'm getting to the bag
I be chasing the profit
Shawty looking so bad
Took my heart n she copped it
They keep hating on my swag
Till the moment I'm popping
Go ahead and keep talking
I said
I just popped 3 xans now I'm dead
I just wanna put 3 rounds in my head
I feel stuck
Shawty doesn't love me it's only lust
