Benedixhion

Everyday I wake up  
I just gun it  
I feel like a monster  
I'm disgusting  
She dripping in makeup  
Telling me she love me  
I'm so sick of fake love  
Got me feeling nothing  
Yah yah

I been off a substance  
Yah yah  
I just fill my cup up  
I be turning to the drugs for all my problems  
Kinda funny cause that shit ain't ever even solve them  
No way  
I think that I'm dying  
I'm drowning like everyday  
Losing to my demons  
I think I'm going insane  
Catch me in the city  
Just smoking my woes away

I just need a reason  
Like why am I still alive  
Sometimes I be tweakin  
My life feels like it's a lie  
I been feeling so fucked up  
But it's still not enough

Everyday I wake up  
I just gun it  
I feel like a monster  
I'm disgusting  
She drippin in makeup  
Telling me she love me  
I'm so sick of fake love  
Got me feeling nothing  
Yah yah
