

Keep searching for a purpose  
Is it even fucking worth it  
I feel worthless  
Oh, oh  
I just do not know  
I'm on my own  
All alone  
I just wish you'd call my phone

Cuz lately I feel like a ghost  
You don't need me at all  
I'm dying alone  
Alone  
Dying alone  
I know  
Nowhere to go  
Oh no  
Oh whoa  
Oh whoa, oh whoa

Nowhere to go  
I know  
Dying  
Dying alo-  
Dying alone  
Oh whoa

Baby, I just want you back  
Every fucking day I hope I have a heart attack  
I'm broken, I'm so hopeless  
Now these xans are how I'm coping

Keep searching for a purpose  
Is it even fucking worth it  
I feel worthless  
Oh, oh  
I just do not know  
I'm on my own  
All alone  
I just wish you'd call my phone
