

## i'm sorry

Benedixhion

I know I hurt you and I'm sorry  
Can't control myself, it makes me worried  
All this shit you do for me  
I really don't deserve it  
I want to see you happy  
Before I just see the hearse bitch

Whoa  
I'm feeling low  
I don't know  
Where I'm supposed to go

I don't want to go out  
Not like that  
But my brain just want's to slow down  
Get lost in the past  
And I...  
I feel as though my mind's been tethered  
I just wish I could've done you better  
To make you happy is my last endeavor  
And after that I'll just be gone forever  
I don't mean it  
Baby, I don't mean it  
Or maybe I do  
I don't know my own feelings  
I don't mean it  
Baby, I don't mean it  
Or maybe I do  
I don't fuck with my own feelings

I don't mean it  
Why you tell me how you feel when you been leaving?  
Why you act like this is real when you don't need me?  
Why you act like this is real when you don't need me?

It don't come easily (It don't come easily)
