

I swear I died I last night
Why the fuck would you revive me
I do not feel alive
Every day I'm fuckin dying
So please don't try
Don't try me bitch
I'm in too deep
Don't give a shit

I be lurkin in the night
I be lurkin in the night
Got me feelin creepy
Shawty sayin she in love
I'm like "fuck your feelings"
Higher than tha ceiling

How am I fuckin breathing
Still
I took way too many fucking pills
I swear I died last night

I swear I died I last night
Why the fuck would you revive me
I do not feel alive
Every day I'm fuckin dying
So please don't try
Don't try me bitch
I'm in too deep
Don't give a shit

I'm poppin percies in tha whip
Said fuck it bitch I'm crashing it
Had a Mercedes crashed that shit
I'm going crazy crash my whip
I feel amazing love that bliss
I'm feelin wavy drugs to fix
My broken brain I'll take that risk
I'm going crazy crash my whip
