Yuh
Oh whoa
I don't really know what
To do
I just wanna go back
To you
I hate that you're really gone
Can't take being alone

Yuh
I know
You ain't really wanna hold me close
You-you just couldn't wait to let me go
Oh
So let me go
I'm turning to the tabs and to the shrooms
I can see the energy in this room
I'll leave from this vicinity to the moon
But the tears keep falling for you

What's next?
I ain't really want another ex
Can we just talk?
You saw my texts
Please don't leave me here on read
I'm begging
For-for you to come and save me
The-the simulations breaking
Everybody here is faking
Nobody gives a damn
I need you
You don't need me
Everything in life is fleeting
You-you say you'll always be there
But I know one day you'll leave me
P-p-popped off
I just wanna pull up in a
Droptop
So I gotta keep on grinding no I
Can't stop
Everyday is a reminder
That my soul is gone
I'm so fucking lost

Yuh
I know
You ain't really wanna hold me close
You-you just couldn't wait to let me go
Oh
So let me go
I'm turning to the tabs and to the shrooms
I can see the energy in this room
I'll leave from this vicinity to the moon
But the tears keep falling for you

I'm falling for you

I don't even care if you knew
Gotta cut the past off
Start new
Baby just back off
Were through
Baby just say u ain't have time for me
But u do with your friends I know you're not busy
Now you wonder why I always act all pissy
I know you're doing shit and I know you don't miss me
I don't see us
Falling in love
You took what's mine
Now I am stuck

Yuh
Oh whoa
I don't really know what
To do
I just wanna go back
To you
I hate that you're really gone
Can't take being alone
