

likeADEMON

Benedixhion

I feel like a demon
I be off it everyday
Ion needa reason
I jus get to tweakin
Shawty I'm so sorry
I'm done playin all these games
You jus left me bleeding
That was a mistake
I jus needa reset
Don't care what you say
Might a pop a motherfucker on sight
Hit that bitch right between tha eyes
Now he paralyzed
I'm feelin like
I'm unstoppable
Bitch I can't stop winnin
Destroying all of my obstacles
It's improbable
But I'll take that chance
Tha devil's jus tryna dance
Inside my brain
Tryna make me go insane
Go insane
And it's workin
Fell in love with all tha pain
Fuck these percies
Guess I'm stuck inside my ways
Ima burden
Swear I try to change
Nothings workin
