

(Lift me up, make me feel like I'm the only one that you love  
Nothing lasts forever so we seize the day, run away together, going all the way)

Yeah, yeah, ugh  
I'm a lost soul  
But I tell them that I'm better now  
I feel like a fool  
She got me higher than fentanyl  
Thought we was cool  
Then she left me bleeding on the ground  
Always keep a tool  
When I'm racing towards the cheddar now  
Always about that action  
I can't get caught lackin'  
I be in the trenches  
Catch me dishin 'out  
Still trappin'  
Had to cut her off  
Why the fuck that ho still yappin'?  
I can't care at all  
Got too many reasons just to leave it in the past tense  
That girl way to ratchet  
And she actin manic  
I can't get attached, bitch  
Promise that I'm in it  
I don't need your love  
Cuz you don't give a fuck  
So Ima fill my cup  
And Ima run it up, yeah yeah

Everyday I put my life at risk but fuck it  
I don't give a fuck about shit, I can't  
I just wanna have an iced out wrist when I'm dead  
(Lift me up, Make me feel like I'm the only one that you love)  
In my head  
(Nothing lasts forever so we seize the day)  
Yeah yeah, in my head (run away together, going all the way)  
Actin like there's nothing in my head

Yeah, yeah, ugh  
I'm a lost soul  
But I tell them that I'm better now  
I feel like a fool  
She got me higher than fentanyl  
Thought we was cool  
Then she left me bleeding on the ground  
Always keep a tool  
When I'm racing towards the cheddar now  
Everyday I put my life at risk but fuck it  
I don't give a fuck about shit, I can't  
I just wanna have an iced out wrist when I'm dead
