

(If our love is tragedy, why are you my remedy?
If our love's insanity, why are you my clarity?)
Alone

Think I'm dead everyday
I just really wish that you'd stay
cause lately I've been all alone
Baby, I feel like a ghost

Ahh
Like a- baby I feel like a-
All alone
I don't know
All a- all alone

Every night I fall apart
Wish you would stay in my arms
I needed you but your gone
But at least you're in my heart
(Agh, agh, agh)
Bitch you're crazy
[?] on the daily
I feel so empty lately
Maybe I'm not worth saving
Maybe I'm not worth- (agh)
I feel so empty lately (agh)
Maybe I'm not worth saving
Baby, I've been not worth saving

Think I'm dead everyday
I just really wish that you'd stay
cause lately I've been all alone
Baby, I feel like a ghost
All alone, aghAgh, agh

(If our love is tragedy, why are you my remedy?
If our love's insanity, why are you my clarity?)
(-you my clarity?)
All alone, agh
(Why are you my clarity-y-y-y-)
Agh, agh
