

reckless

Benedixhion

Get so fucked up
That I can't think
Shut the fuck up
Or you can leave
Off too many drugs
Baby I've turned to a fiend
I don't give a fuck about a goddamn thing

Except my pills
I'm just being real
Pedal on the gas
But I got no steering wheel
I be in my feels
So I'm racing to the end
Whats life bae?
I don't understand
Like...

Ooh, what's that?
Never seen that pill before
I'm like well, goddamn
I'ma need like 30 more
Cause I can't stand living life
It's such a bore
So I live reckless
I might fuck your whore

Might as well
Shawty said she loved me
Had me stuck under her spell
Then I realized
Nothing that she said was even real
She was playing games
Fuck it I just need more pills
Fuck it, fuck it
I just need more

Pills
Bitch I'm going insane
I can't fucking stand it
All the pain in my brain

Get so fucked up
That I can't think
Shut the fuck up
Or you can leave
Off too many drugs
Baby I've turned to a fiend
I don't give a fuck about a goddamn thing...
