Fuck it
I'll drink the pain away with hennessy
Ain't got no friends but I sure gotta lotta enemies
No one knows the real me
I'm just drowning in my feelings

Fuck it
I'll drink the pain away with hennessy
Ain't got no friends but I sure gotta lotta enemies
No one knows the real me
I'm just drowning in my feelings

You don't wanna know what I been through
I can't help the feelings that I have when I miss you
Why'd you leave me by myself
I could really use some help

I wish that somehow I could leave
This hell
But I'm stuck
I'm pretty sure that my whole brain is just fucked
Fucked up

I'm dead bitch
I'm so stuck
Guess I'll never be enough
I got all these problems on my mind and I won't lie
If I keep this shit up I'm pretty sure I'm gunna die
Don't think that I'll survive
'Cause my whole is life is just a lie

I'm drowning
No help from any surroundings
Yeah
Yeah
I'm drowning
My demons got me surrounded

Yeah
Yeah
Oh oh
Oh whoa
Wish someone would help me
But they don't
Oh oh
Oh whoa
Where the fuck am I
I lost my own soul

You don't wanna know what I been through
I can't help the feelings that I have when I miss you
Why'd you leave me by myself
I could really use some help

I wish that somehow I could leave
This hell
But I'm stuck

I'm pretty sure that my whole brain is just fucked
Fucked up

I'm dead bitch
I'm so stuck
Guess I'll never be enough

Fuck it
I'll drink the pain away with hennessy
Ain't got no friends but I sure gotta Lotta enemies
No one knows the real me
I'm just drowning in my feelings
