Le-le-let me die  
I don't really know what the point in life is  
Everybody knows that we won't survive  
I just wanna go shawty, I can't fight this  
Always on my page but you never like  
It's-It's-It's fake  
You ain't really love me  
That's great  
I been counting up bankroll  
All day  
I been drowning in my problems  
Let's escape  
Yeah

I been in my bag  
And I ain't stopping bitch  
I love poppin tags  
So I been shopping  
I don't understand  
Girl what's your problem now?  
You make me feel dead  
Cause you're a toxin bitch  
I already know your love is counterfeit  
Pretty sure she hates me but she loves my fits  
Strung out on the daily but these drugs are bliss  
I don't wanna live I'm fucking done with this  
I don't know what I should do  
I'm lost and missing you  
I wish it wasn't true  
What the fuck am I gonna do?

Oh whoa  
I'm just dying in my room  
Oh no  
I keep falling for you boo

Le-le-let me die  
I don't really know what the point in life is  
Everybody knows that we won't survive  
I just wanna go shawty, I can't fight this  
Always on my page but you never like  
It's-It's-It's fake  
You ain't really love me  
That's great  
I been counting up bankroll  
All day  
I been drowning in my problems  
Let's escape  
Yeah

Why's my mind feel like it's a prison?  
I don't understand  
I just wanna life that's worth living  
Won't you hold my hand?
