

... And could I have like, a little bit harder tune, actually?  
Please?

Wake up, line up, can't stop  
Too much pressure might get squashed  
Think I'm special but I'm not  
The grind, get mine, I'm tryin'  
In this tunnel, I get lost  
'Cause I'm tiny like a dot

Weight of the world on my back  
Losing myself, my control  
And if I get stuck in a crack  
Come dig me out of this hole

And you can't stay mad at me  
I'm just an animal  
A micro-celebrity  
But I mean nothing at all  
It hurts but I'm scared to leave  
But maybe I'm just too small  
Everything's big to me  
And I mean nothing at all

L.A. Fires, I get bread  
I'm alive until I'm dead  
I can't help it, I'm so scared  
I hear voices in my head  
I once lived under a rock  
I'm so tiny I forgot  
Magnifying glass gets hot

Weight of the world on my back  
Losing myself, my control  
And if I get stuck in a crack  
Come dig me out of this hole

And you can't stay mad at me  
I'm just an animal  
A micro-celebrity  
But I mean nothing at all  
It hurts but I'm scared to leave  
But maybe I'm just too small  
Everything's big to me  
And I mean nothing at all
