

Beach Boy

BENEÉ

You're quiet and I'm loud, it's never a bore
It makes sense, the difference, but what's distance for?
Do I make you feel something? Sometimes I wanna feel nothin'
Drive me crazy on the freeway
You go too fast, I get upset, babe
And I hate it, but I just fake it

Beach boy, be my bitch babe
If it's only for a day, take me out, but I won't stay
Beach boy, be my beach babe, be my bitch
For a day, for a day be my beach babe
You're my beach boy, be my beach babe
Even if it's only for a day
Be my beach babe

And I hate it, God I hate it when you
Yeah, I hate it, when you talk about me leaving, oh
Don't wanna think about me leaving, no
Drive me crazy, but it's okay
We're by the ocean, think we need a break
Maybe this ain't it, but I still want this

Beach boy, be my bitch babe
If it's only for a day take me out, but I won't stay
Beach boy, be my beach babe, be my bitch
For a day, for a day, be my beach babe
Be my beach babe
Even if it's only for a day
Be my beach babe

You're my beach boy (You're my beach boy)
You're my beach boy (Be my beach babe)
You're my beach boy (Even if it's only for a day)
You're my beach boy (Be my beach babe)
You're my beach boy
You're my beach boy
You're my beach boy

Boy, be my beach babe (You're my beach boy)
If it's only for a day (You're my beach boy)
Be my beach babe (You're my beach boy)
