

DO IT AGAIN

BENEE

I can't
I can't complain
I'm chosen
Skip down the block
No stopping
I couldn't care who's watching

Is it just luck?
I tried, but I almost gave up
Feels like a dream
Take over
Hope that I don't fall under

Do it
Don't quit
No stress
Don't miss
Don't overthink
And do it again
Do it
Don't quit
No stress
Don't miss
Don't overthink
And do it again

Wake up
This is the start of it
Heads up
We're coming home again
You see me
Shining
I keep my head up
I'll do it all again

I had a dream when I was younger
But I think my dream was more like a hunger
Had to chase it down
Had to hit the ground
Had to get back up and turn the tables right round

Now I'm looking out in wide-eyed wonder
Taking in a crowd that roars like thunder
And it took some guts
And it took some grit
And it took some time, but I was never gonna quit
'Cause we were like

Do it
Don't quit
No stress
Don't miss
Don't overthink
And do it again
Do it
Don't quit
No stress

Don't miss
Don't overthink
And do it again

Wake up
This is the start of it
Heads up
We're coming home again
You see me (Do it, don't quit, no stress)
Shining (Don't miss, don't overthink, and do it again)
Heads up (Do it, don't quit, no stress)
We're coming home again (Don't miss, don't overthink, and do it again)

Wake up
This is the start of it
Heads up
We're coming home again
You see me
Shining
I keep my head up
I'll do it all again

Do it
Don't quit
No stress
Don't miss
Don't overthink
And do it again
Do it
Don't quit
No stress
Don't miss
Don't overthink
And do it again
