

Everyone else has left now  
I bet that this got you stressed out  
Wonderin', what can we do now?  
Maybe let it burn out  
Where I can't feel my face  
Mm, minds twisted in weird ways  
Wonderin', what can we do now?  
Maybe let it burn out

Glitter sparklin' on your heart now, darling  
Won't you stay?  
I'm here wonderin' what to say  
You're pulling me away now

I know it's getting late now, baby  
Maybe you should stay here with me  
Let's just make it our own party  
Stick together like glitter, glitter, glitter, glitter

Race against the sunlight  
Wanna have a long night  
Night mysteries, night mysteries  
Under spotlight, don't let me out of your sight  
Two energies, two energies

Glitter sparklin' on your heart now, darling  
Won't you stay? (Ooh)  
I'm here wonderin' what to say  
You're pulling me away now

I know it's getting late now, baby  
Maybe you should stay here with me  
Let's just make it our own party  
Stick together like glitter, glitter, glitter, glitter

I know it's getting late now, baby (Late now)  
Maybe you should stay here with me  
Let's just make it our own party (Party)  
Stick together like glitter, glitter, glitter, glitter

Everyone else has left now  
I bet that this got you stressed out  
Wonderin', what can we do now?  
Maybe let it burn out
