Kool

BENEE

You're so well spoken, have control when
You walk into the room, you show them
You're outside smoking, your skin is glowing
You're like an angel, out of this world

I love your confidence you strike
I wanna dip into your life
You float around without a care
I love your steeze and what you wear

And I stay at home most of the time
You're so badass, owning the night
So badass

Fuck, I wish I could be like you (I really do)
Fuck, I wish I could be cool like you (Cool like you)
I say stupid stuff (Yeah, yeah)
And embarrass myself ('Cause I'm dumb)

I'm not very cool
It sucks
I suck, I want to be like you (You're cool)
I say stupid stuff (Stupid stuff, stupid stuff)
And I embarrass myself ('Cause I'm dumb)

Cool, cool, cool
Cool, cool, cool like you
Cool, cool, cool
Cool, cool, cool

I'm mesmerised by what you say
But you don't know that I exist
People can't keep themselves away
Like they're under some kinda spell

And I stay at home most of the time
You're so badass, owning the night (So badass)

Fuck, I wish I could be like you (I really do)
Fuck, I wish I could be cool like you (Cool like you)
I say stupid stuff (Yeah, yeah)
And embarrass myself ('Cause I'm dumb)

I'm not very cool (I'm lame)
It sucks
I suck, I want to be like you (You're cool)
I say stupid stuff (Stupid stuff, stupid stuff)
And I embarrass myself
