Make You Sick

BENEE

Bad bitch, I am a bad bitch, I'm a bad bitch
I'm a bad bitch, but you can't have this
Cannot have this, no you can't have this, this
No, you can't have a bad bitch, bitch

Bad bitch, I am a bad bitch, I'm a bad bitch
I'm a bad bitch, but you can't have this
Cannot have this, no you can't have this, this
No, you can't have a bad bitch, bitch

Yo what up - what the fuck - why you mad? - you so tough
Up to fucks - nothing much - you're in bed - when I'm up
Handle that - don't be sad - why you shy? - I'm not rough
Lots of cash - lots of bags - all the things you could have

Lights are flashing at me
Red and blue so pretty, but they cannot catch me
But they cannot catch me

Lights are flashing at me
Red and blue so pretty, but they cannot catch me
'Cause I am to speedy

Up to fuck
Them up
You mad
I'm up
To fuck
Them up
You mad
I'm up

Open up your eyes, darkness, it starts to rise
Where do we go now, guess that we'll soon find out
Space around is smaller, wake up on your shoulder
Covered in rose petals, baby
You think that this is over
It's only just begun
Who stole all your money?
Now you better run
Life seems like a puzzle
I'm stuck into you, babe

Cover my tattoos
I'll cover my tattoos for you
Cover my tattoos
I'll cover my tattoos for you

Babe, does it make you sick when I talk about you like that?
Babe, does it make you sad when I talk about you like that?
Babe, does it make you sad when I talk about you like that?
Babe, does it make you sad when I talk about you like that?

Slept through my alarm, I really do not care
My heart is falling apart and so is my hair

Where's a lighter?

Light it for me
Stop your talking

Slept through my alarm, I really do not care
My heart is falling apart and so is my hair

Where's a lighter?
Light it for me
Stop your talking

Bad bitch, I am a bad bitch, I'm a bad bitch
I'm a bad bitch, but you can't have this
Cannot have this, no you can't have this, this
No, you can't have a bad bitch, bitch

Bad bitch, I am a bad bitch, I'm a bad bitch
I'm a bad bitch, but you can't have this
Cannot have this, no you can't have this, this
No, you can't have a bad bitch, bitch
