

# Prey4U

BENE

I think you haven't been open  
You look away when I'm talkin'  
I won't spin plates in your circus  
You must be lost in the moment

Get so low and you're depressing me  
You wanna kill my soul and it got the best of me

My love  
Pushing me far away  
Don't go  
You make me feel like a vulture  
Eating your heart when it's over  
Die when it's over  
Prey for you

Drunk and I call you  
Two times and you didn't answer  
Asshole, I wish you bad karma  
Did I cut a hole in your armour?

Stuck at a traffic light  
Argue to pass the time  
Tell me I'm in the wrong  
All I hear is "wa, wa, wa"

My love  
Pushing me far away  
Don't go  
You make me feel like a vulture  
Eating your heart when it's over  
Die when it's over  
Prey for you

My love  
Pushing me far away  
Don't go  
You make me feel like a vulture  
Eating your heart when it's over  
Die when it's over  
Prey for you

Shush  
My love  
Pushing me far away  
Don't go  
You make me feel like a vulture  
Eating your heart when it's over  
Die when it's over  
Prey for you

My love  
Pushing me far away  
Don't go  
You make me feel like a vulture  
Eating your heart when it's over  
Die when it's over

Prey for you
