

Snail

BENEE

Wonder why you stay inside
I can't talk, can't speak my mind
Why you wanna waste your time?
Why don't you join me outside?
Everything is good, everything is fine
Thought I'd let you know, having a great time
Wonder why you stay inside
I can't talk, can't speak my mind

I'm like a snail, you're a guy
Kinda mad I can't fly
When it's day, hide away
But come out when it rains
Like a snail, you're a guy
Kinda mad I can't fly
When it's day, hide away
But come out when it rains, when it rains

When it rains
(When it rains)
(When it rains)
(When it rains)

As I wake, down goes day
Out comes night, look alive
And I'll meet you in the park
The moon will light up my path
Everything's passing by
I ride to you on my bike
While everyone is asleep
Meet at the top of your street

I'm like a snail, you're a guy
Kinda mad I can't fly
When it's day, hide away
But come out when it rains
Like a snail, you're a guy
Kinda mad I can't fly
When it's day, hide away
But come out when it rains, when it rains

When it rains
(When it rains)
(When it rains)
(When it rains)

Snail
(When it rains)
(When it rains)
(When it rains)

I'm like a snail, you're a guy
Kinda mad I can't fly
When it's day, hide away
But come out when it rains
Like a snail, you're a guy
Kinda mad I can't fly

When it's day, hide away
But come out when it rains, when it rains
