

It's so mystical
So wonderful
You and I
You and I
You've got me hypnotized

Green gold and blue illuminate you
As I can see you stare through me
Can you realise what you keep inside?
Fantasy in your mind all the time

And I've got a feeling that what he is doing
Is dangerous

Yeah! Cut her off cut me off
If I tell a lie will you stop and save me, baby

Cut me off if I tell a lie, will you stop searing me
Maybe we get to used to hearing the truth

Yeah! Cut her off cut me off
If I tell a lie will you stop and save me, baby

Cut her off cut me off
If I tell a lie will you stop and save me
