UH OH!

BENEE

Uh-oh

Uh-oh, uh-oh
Uh-oh, you made a mistake
Uh-oh, uh-oh
Tell me things that can't be true

Your slacks are on fire, I'm fanning the flames
Like a vampire, stood out in broad day
Should've been wiser while picking out
What you were gonna say (oh)

Fool me once, that's one too many
Better luck next time you've met me
Where's the dunce who caught you meddling?
Turn around (uh-oh)

Uh-oh, uh-oh
Uh-oh, you made a mistake
Uh-oh, uh-oh
Tell me things that can't be true

You're sweating this time, I'm reading your eyes
You're being called out, 'cause you slipped your mouth
Your face has turned pale, gone faint, you're not well
While you were distracted, I cast a spell

Oh-oh, you better run away now
Uh-oh, you've made a mistake now
Uh-oh, got nothing else to say to you
(Uh-oh)

Uh-oh, uh-oh
Uh-oh, you made a mistake
Uh-oh, uh-oh
Tell me things that can't be true

Forgive this wed intermission
Tragically, I'm not the victim here
If only I fell for your fiction
Tell me things that can't be true
