BENEE

Why don't you see me?  
Death on the TV  
It is a full moon  
I'm not sure what that means  
I'm hurting myself  
It's making me bleed  
I feel alright, but that point is irrelevant

And when I'm in the-  
And when I'm at the-  
It feels so eff-  
I'm out here in the s-  
And when I'm in the pool  
And when I'm at the beach  
It feels so effortless  
I'm out here in the sea

My head is underwater  
A puddle full of my tears  
I could make a river  
Wouldn't even matter  
Why don't you see me?  
Bottom of the pool, yeah  
Why can't you see me?  
My head is underwater  
A puddle full of my tears  
I could make a river  
Wouldn't even matter  
Why don't you see me?  
Bottom of the pool, yeah  
Why can't you see me?

Weightless  
Am I the only one to feel this?  
Can't find what's missing, so I'll cry like a baby  
Why do you not hear me?  
Werewolf could take me  
You wouldn't believe

When I'm missing you or when I'm in the-  
I hear the rubble of-  
I'm floating in a stream  
And when I'm missing you  
Or when I'm in-between  
I hear the rubble of  
I'm out here in the sea

My head is underwater  
A puddle full of my tears  
I could make a river  
Wouldn't even matter  
Why don't you see me?  
Bottom of the pool, yeah  
Why can't you see me?

My head is underwater  
A puddle full of my tears

I could make a river  
Wouldn't even matter  
Why don't you see me?  
Bottom of the pool, yeah  
Why can't you see me?

When I'm in the-  
And when I'm at the-  
It feels so eff-  
I'm out here in the-  
And when I'm in the pool  
And when I'm at the beach  
It feels so effortless  
I'm out here in the sea

My head is underwater  
A puddle full of my tears  
I could make a river  
Wouldn't even matter  
Why don't you see me?  
Bottom of the pool, yeah  
Why can't you see me?

My head is underwater  
A puddle full of my tears  
I could make a river  
Wouldn't even matter  
Why don't you see me?  
Bottom of the pool, yeah  
Why can't you see me?
