

Intro To Jack

Benjamin Amaru

I hear it's turning around and around again
And I can't hold still
No I can't hold still
Try to move without making any sound in here
And I can't hold still
No I can't hold still

I'm having troubles with my own I can't repair
And I can't hold still
No I can't hold still
God help me do just what I can
And I can't hold still
No I can't hold still

I gotta show you how I feel
Take it off and keep it real
I gotta show you what it means
To be the jack before the beats
I gotta show you how I feel
Take it off and keep it real
I gotta show you what it means
To be the jack before the beats

Yeah yeah
Yeah yeah
Yeah yeah
Yeah yeah

I really try to keep them close because I care
And I can't hold still
No I can't hold still
Found a name on the city covers so rare
And I can't hold still
No I can't hold still

Be the man to run right over there
And I can't hold still
No I can't hold still
God help me do just what I can
And I can't hold still
No I can't hold still

I gotta show you how I feel
Take it off and keep it real
I gotta show you what it means
Te be the jack before the beats
I gotta show you how I feel
Take it off and keep it real
I gotta show you what it means
To be the jack before the beats

Yeah yeah
Yeah yeah
Yeah yeah
Yeah yeah
Yeah yeah
Yeah yeah

Yeah yeah
Yeah yeah

I gotta show you how I feel
Take it off and keep it real
Gotta show you what it means
To be the jack before the beats
Be the jack before the beats
