

lighthouse

Benjamin Amaru

How can I see the things
That are hidden inside my heart?
How can I find the things
That are hidden inside my heart?
How can I read the signs
That are blurry so far away, so far away?

There is a lighthouse
And it is leading the way
There is a lighthouse
And it is leading the way

It is leading the way

There is a lighthouse
And it is leading the way
There is a lighthouse
And it is leading the way
There is a lighthouse
And it is leading the way
There is a lighthouse
And I am finding my way
