

# lost in the river

Benjamin Amaru

Is it all in my mind  
All in my mind  
All in my mind  
Or can you see it too

Is it all in my head  
All in my head  
All in my head  
Do you know do you know please tell me soon

And nothing is real  
No nothing is real  
I can never be sure  
I can never never never trust you

But something inside my heart can feel it  
Something inside my heart is beating

And I try to get rid of the smoke  
And I try to get my body to focus  
But nothing really works no no  
And I'm lost in a river of consciousness

And I try to get rid of the smoke  
And I try to get my body to focus  
But nothing really works no no  
And I'm lost in a river of consciousness

Is it all in my mind  
All in my mind  
All in my mind  
Or can you see it too

Is it all in my head  
All in my head  
All in my head  
Do you know do you know please tell me soon

And nothing is real  
No nothing is real  
I can never be sure  
I can never never never trust you

But something inside my heart can feel it  
Something inside my heart is beating  
But something inside my heart can feel it  
Something inside my heart is beating  
But something inside my heart can feel it  
Something inside my heart is beating  
But something inside my heart can feel it  
Something inside my heart is beating

And I try to get rid of the smoke  
And I try to get my body to focus  
But nothing really works no no  
And I'm lost in a river of consciousness

And I try to get rid of the smoke  
And I try to get my body to focus  
But nothing really works no no  
And I'm lost in a river  
I'm lost in a river  
I'm lost in a river

I'm lost in a river of consciousness  
I'm lost in a river of consciousness  
I'm lost in a river of consciousness
