

# Singdancelaughcry

Benjamin Amaru

Where d'you wanna go to?  
Where d'you wanna go to?  
Tell me what you're up to  
Tell me right now girl, yeah  
Tell me what you do now  
Tell me what you do now  
I don't wanna risk  
Missing any of the time we have, yeah

And we sing, dance, laugh  
And cry at the same time  
And we sing, dance, laugh  
And cry at the same time

Would you take my hand?  
Would you, would you take mine?  
Tell me that everything  
Is gonna be fine girl, yeah  
Tell me what you feel now  
Tell me what you feel now  
Late-night fire in my body  
And you're off, that's right, yeah

And then we sing, dance, laugh  
And cry at the same time  
And we sing, dance, laugh  
And cry at the same time

And it sounds like ooh  
And it sounds like ooh

And we sing, dance, laugh  
And cry at the same time  
And we sing, dance, laugh  
And cry at the same time
