

slowly dancing

Benjamin Amaru

I remember the way you put your arms
Tiny sparkle, just the way to start a fire
And I remember the way you made me laugh
Tiny sparkle, just the way my heart moves in my chest

As if the words
Slowly dancing, slowly dancing
Every single because
Slowly dancing, slowly dancing

I remember the stars behind my eyes
Tiny sparkles, they were moving 'round and 'round
And I remember every spoken word that night
Tiny sparkle, just the way to start a fire

Our hearts were
Slowly dancing, slowly dancing
Every single because
Slowly dancing, slowly dancing
Every single breath
Slowly dancing, slowly dancing
Every single breath
