

Goodnight

Benjamin Dakota Rogers

Good night sweet Susan and
Good night my love
Good night oh dear mama

Good night heavens above
Good night Coyote
Good night my hound
Good night oh you lazy old moon
Good night train southbound

Good night you wicked wind
Good night prairie fire
Good night coal miner's daughter so fair
Good night all you thieves and liars

Good night oh you midnight girls
Good night lonesome song
Good night black top that I know so well
Good night everything I've done wrong
